COMMUNICATION

## **COVID-19 webinar: Potential impact on asthma patients**

**Streaming live at 18:00–19:00 CEST on 5 May, 2020**

**Prof. Antonio Spanevello**  
Head of ERS Airway Diseases,  
Asthma and COPD Assembly, Dept.  
of Medicine and Surgery of Insubria  
University, Italy

**Prof. Guy Brusselle**  
Fellow of ERS, respiratory physician  
and Professor at Ghent University  
Hospital, Belgium

---

Join airways disease experts Guy Brusselle and Antonio Spanevello for a live webinar focusing on **the potential impact of COVID-19 on asthma patients**.

Taking place at 18:00–19:00 CEST on 5 May, 2020, the webinar will coincide with World Asthma Day, and you can sign up to watch and interact with the webinar for free.

The webinar will include a 45-minute presentation led by expert discussion, followed by a question and answer session centred on questions from the webinar viewers.

**Find out more and register for the webinar**

Access the **ERS COVID-19 resource centre** for more materials, including all free to access webinars in the **ERS/PREPARE Europe COVID-19 webinar series**.

Kind regards,
