

To work at Cliniques universitaires Saint-Luc, it is joining a dynamic university hospital with international reputation. We provide our patients reference care, with humanity. We are also active in clinical research and contribute to teach doctors, nurses and paramedics of tomorrow.

The patient is at the center of your preoccupations ? It is the case of our 6000 collaborators, who each contribute, through 150 jobs, to the well-being of the population. For a better 'live together » we are guided by human values such as cooperation and respect. We do not hesitate to put ourselves in question and to improve our practices.

By joining us, you will participate to our institutional projects and will develop your skills owing to our large panel of trainings and cutting-edge technologies present in our hospital.

We are recruting currently two:

Pulmonologists M/W

CDI ou CDD 1 to 2 year(s) followed by CDI

For sleep medicine

For pneumo-allergology

For COPD & rehabilitation

Soutenez Saint-Luc,
